Eligibility & Enrollment | 2025

ELIGIBILITY

EMPLOYEE

You (the Employee) are eligible to participate in the benefits programs if you are working a minimum of 30 hours per week.

LAWFUL SPOUSE

The individual you are legally married to and who is not legally divorced from you.

DEPENDENT CHILD

A child who is related to you or your spouse by birth, marriage, legal adoption or legal guardianship. Newborns are covered as of their date of birth only if enrolled within 30 days of their birth.

Generally, dependents who are less than 26 years old may be eligible for coverage until they turn 26. **For the medical, dental and vision plans**, coverage ends at the end of the month in which they turn 26.

When does coverage begin?

For new hires, coverage will begin on the first day of work after date of hire.

What is Open Enrollment?

The one time during the year when you can make changes to your current elections without a Qualifying Life Event.

What is a Qualifying Life Event?

A Qualifying Life Event is an event that drastically changes an enrollee's eligibility.

What is considered a Qualifying Life Event?

- Marriage, divorce or legal separation
- Birth or adoption of a child
- Change in child's dependent status
- Death of a spouse, child or other qualified dependent
- Change in residence due to an employment transfer for you or your spouse
- Commencement or termination of adoption proceedings
- Change in your spouse's employment status or a change in coverage under another employer-sponsored plan

Medical Opt-Out

This option is available to our employees who can provide proof of other health plan coverage. Employees covered under Mid Michigan's Medical and Prescription Drug plan are not eligible for opt-out. Employees excluded from the opt-out are Medicare/Medicaid recipients, any other publicly funded coverage, and children covered by parents. Employees who enroll in the medical opt-out will receive \$3,500 per year, divided over 26 pay periods, pro-rated for employees who start part-way through the calendar year. Please enroll in Medical Opt Out in Employee Navigator and upload a copy of your current medical card.

This is important!

When is Open Enrollment?

It will start on Monday November 4th and end on Friday November 15th. All elections should be made online by November 15th

How do I make changes to my benefits?

Login to Employee Navigator. Further instructions can be found on page 22 of this guide.

Key benefits terms to know

Premiums or Contributions are the amount you pay for covered healthcare services per paycheck. This is the cost of your insurance.

Deductibles are the amount you pay for covered healthcare services before your insurance plan starts to pay.

Copayments (copays) are the fixed dollar amounts (for example, \$15) you pay for covered healthcare, typically at the time of service.

Coinsurance is the percentage of costs you pay for covered healthcare services (20%, for example) after you've paid your deductible.

Generic drugs contain the same active ingredients as brand-name drugs but generally are less expensive.

Preferred brand drugs are brand-name drugs that are listed on the plan's preferred list of prescription drugs.

Non-preferred brand drugs are brand-name drugs that are not listed on the plan's preferred list of prescription drugs. These may not be covered under the plan.

Specialty drugs are used to treat certain complex health problems. These drugs tend to be very expensive.

A **Preferred Provider Organization (PPO)** plan provides coverage to participants through a network of selected healthcare providers (such as hospitals and physicians). The enrollees may go outside the network but would incur larger costs.

A **High Deductible Health Plan (HDHP)** combines traditional medical coverage and a tax-advantaged **HSA**.

Health Savings Account (HSA) helps save for future medical expenses and is compatible with an **HDHP**.

This one is really important!

Out-of-Pocket Maximum =

Deductible + Coinsurance + Copays

What is it? The most you'll ever have to pay in a year for covered medical expenses. Anything you pay for your deductible, copays and coinsurance applies to this amount. Your premium does not count towards this amount. Generally, if you reach your out-of-pocket max, the insurance company will cover 100 percent of any additional eligible medical expenses.

Blue Cross Blue Shield of Michigan Plans

Health care benefits are one of the most important and necessary parts of your benefits package. The following is an explanation of the two plans offered to you through BCBSM. Both plans are Preferred Provider Organization (PPO). This means you can visit any provider of your choosing without a referral and seek services from a non-participating provider. Services with a non-participating provider will have a decreased benefit level and are subject to balance billing. All services, including prescription drugs, are subject to the deductible. Once the full deductible is met, you pay 0% coinsurance and prescription copays.

	PPO HSA	PPO HSA	PPO HSA

Health Insurance Opt-Out: Employees who are eligible to elect health insurance coverage, but choose not to enroll, are eligible for a \$3,500 cash opt-out each calendar year. Employees must provide proof of other health coverage. This benefit is prorated in the first year for new hires based on the number of calendar days remaining in the year. This is a taxable cash benefit added to the employee's payroll. Eligible on date of hire. Prorated in the first year for new hires. Employees already covered by another Mid Michigan College employee's coverage are not eligible to receive the opt-out payment.

Pharmacy Savings Program | NEW FOR 2025

Do you want save money on your high-cost medication?

Mid Michigan College is pleased to provide a Pharmacy Savings Program administered by Health Plan Advocate (HPA).

HPA assists with your prescription drug needs by identifying available manufacturer assistance coupons to save you money on your prescription drugs and by helping you better understand your options.

All members with prescription drugs that (1) have a retail cost of \$400 or more and (2) have a manufacturer assistance coupon available (a “program-eligible drug”) are **required** to participate in the program. If you or one of your dependents are taking a program-eligible drug, HPA will contact you to assist with program enrollment

Please do not ignore their outreach in the next 30 days as participation in this program is mandatory!

Why has Mid Michigan College implemented this mandatory program?

The Health Plan Advocate pharmacy savings program is a “win-win” situation for Mid Michigan College as a self funded plan and for our members enrolled on our plan. It helps ensure we get maximum value for every benefit dollar spent and the benefit to members when you partner with HPA is **your final cost for your program-eligible drug(s) will be \$0!** If you choose not to participate, then instead you will pay the maximum co-pay!

Health Savings Account | 2025

ADVANTAGES OF A HEALTH SAVINGS ACCOUNT (HSA)

- Unused balance rolls over tax-free from year to year and is wholly owned by the account owner
 - Tax-free earnings for as long as the money stays in the HSA
 - Tax-free withdrawals for qualified health care expenses
 - Save for future medical needs
- The college also provides Health Savings Account (HSA) plan funding to help cover employees' health insurance deductibles: \$1,600 for single coverage and \$3,200 for 2+ coverage and is contributed by the college annually each January. This benefit is prorated in the first year for new hires.

IMPORTANT HSA INFORMATION

- Employee controls the HSA
- You may elect to contribute up to the IRS limit through pre-tax payroll deduction
- You can change your HSA contribution at any time
- Unused balance in your account rolls over from year to year. This is your money, there is no "use it or lose it" rule to an HSA account

An HSA is allowed if:

- You are enrolled in a qualified High Deductible Health Plan (HDHP)
- You are not covered by other health insurance or health reimbursement arrangement or flexible spending account either as an employee or as a spouse/dependent (unless a Limited Purpose FSA or Limited HRA for dental, vision, post-deductible expenses)
- You are not claimed as a dependent on someone else's tax return
- You are not enrolled in Medicare

2025 IRS LIMIT FOR HEALTH SAVINGS ACCOUNTS (maximum total amount from all sources)

Single coverage	\$4,300
Double/Family coverage	\$8,550
"Catch-Up" contribution Age 55 & Up	\$1,000

Mid Michigan will contribute to your HSA, if you elect this option and the higher per pay medical contribution:

Single coverage	\$1,650 annually in January
Two Person or Family coverage	\$3,300 annually in January

HOW DOES AN HSA WORK?

When you are at the doctor's office, urgent care, emergency room or hospital:

- Be sure to show your medical ID card
- Your provider should not require payment up front
- After your visit, your provider will bill your medical insurance
- The medical carrier will process the claim and apply the contracted discount to the amount you owe
- You will receive an Explanation of Benefits from the medical carrier and an invoice from the provider
- You will then pay the bill via your Isabelle Bank HSA debit card
- If you do not have enough money in your HSA account, you can pay the provider with a personal credit card or check, and then reimburse yourself when the account grows or increase your per pay period contributions to increase your balance
- Dental and vision expenses do not track towards the medical deductible; however, you can use your HSA to cover eligible out-of-pocket expenses

Health Savings Account | 2025

How does an HDHP with HSA work?

Your HSA can pay for charges such as copays, prescriptions, services, medical equipment, and more. By using an HSA, you are saving money by investing pre-tax dollars and using that money to pay for medical expenses. This ensures affordability, savings, flexibility and control for you.

HSA BENEFITS

Security Save for high or unexpected bills or future expenses

Affordability Helps keep your monthly premiums lower

Flexibility Pay for medical expenses now or save for future expenses

Savings Save for the future, grow your account through investment options

Control You decide contributions, whether to invest and how to spend

Portability Always your account and it moves with you; you do not lose funds

At the Doctor's

1. Go to the doctor and show your ID card – do not pay at the time of service

2. Claim goes to BCBSM and discounted charges apply to deductible

3. Receive your EOB from BCBSM and your bill from the provider – then pay with your HSA!

Make sure you save your receipts!

This is important!

At the Pharmacy

1. Get your Rx from your doctor – at the pharmacy, show your ID card

2. Discounted charges apply, and charges count towards your deductible

3. Pay for your Rx with your HSA card and save your receipt!

Do you know your diabetes risk?

Through lifestyle changes – such as weight loss, healthy eating and exercise – it is possible for those at high risk for developing Type 2 diabetes to delay or prevent its onset

Take the time to answer these simple questions to find out if you are at a high risk for developing diabetes.

To determine your level of risk, add the number of points in the parenthesis for every ‘Yes’ answer.

- 1. Do you have a parent with diabetes? (+1)
- 2. Do you have a sibling with diabetes? (+1)
- 3. Are you a woman who has ever given birth to a baby weighing over 9 pounds? (+1)
- 4. According to the chart below, do you weigh too much for your height? (+5)
- 5. Are you younger than 65, but get little to no daily exercise? (+5)
- 6. Are you between 45 and 65 years of age? (+5)
- 7. Are you 65 or older? (+9)

Did you know?

Diabetes is the seventh leading cause of death in the United States.

Getting diagnosed early can help you manage the disease and avoid risky complications.

If you accumulated **10 or more points** you could have a significant risk of developing prediabetes, a precursor to diabetes marked by higher-than-normal blood sugar levels. It is important that you speak with your health care provider about your unique medical situation so you can begin taking preventative steps.

Dental | 2025

Dental coverage is provided by Delta Dental of Michigan. Delta Dental features the largest dental network in the country, and you have the flexibility of a PPO dental plan that will allow you the option of visiting any provider. By choosing an in-network provider you will receive the highest level of benefits and save on out-of-pocket expenses. However, if you are seeking services from a non-participating provider, Delta Dental will grant you the same benefit level, but the provider may charge you any amount above the Reasonable & Customary amount.

IMPORTANT INFORMATION

No ID card is necessary!

Let your dentist know that you have Delta Dental, and they can confirm you and your dependent(s) eligibility online.

To access a full list of participating providers, visit the MI Delta Dental website at:
www.deltadentalmi.com. Upon registering online or downloading the mobile app you will have access to your personal benefits, claims information, and can also view/print ID cards.

Life / AD&D Insurance | 2025

HOW MUCH COVERAGE DO I NEED?

Many financial experts recommend you have five to eight times your household income in life insurance.

BENEFICIARY INFORMATION

It is important to keep your beneficiary information up-to-date. Please utilize Employee Navigator to verify or update beneficiaries.

Basic Life/Accidental Death and Dismemberment (AD&D) Insurance

Mid Michigan College provides this benefit through Reliance Standard at no cost to all eligible employees. Life Insurance provides a monetary benefit to your beneficiary in the event of death while you are employed by Mid Michigan College. AD&D Insurance is equal to your Life Insurance benefit amount and is payable to your beneficiary in the event of your death as a result of an accident, it may also pay benefits in certain injury instances.

Basic Life and AD&D	
Benefit	Administrators: 1x earnings rounded up to the nearest \$1000 of employee's salary up \$150,000 max Faculty Member: 1x base salary, rounded to the next higher \$1,000 up to \$150,000 max, subject to a minimum of \$70,000 Support Staff: Flat \$40,000
Benefit Reduction	None

Voluntary Life/Accidental Death & Dismemberment (AD&D) Insurance

Eligible employees can purchase additional life insurance through Reliance Standard. Voluntary Life Insurance provides a monetary benefit to your beneficiary in the event of death while you are employed by Mid Michigan College and is in addition to the Basic Life Insurance provided to you. You must enroll yourself if you wish to elect coverage for any of your dependents. This benefit is age-banded. Rates are available in Employee Navigator.

Voluntary Life and Voluntary AD&D**	
Employee	Coverage is available in increments of \$10,000 up to a maximum of \$500,000
Spouse	Coverage is available in increments of \$10,000 up to a maximum of \$500,000; not to exceed 100% of employee elected amount
Dependent Children	Age 14 Days to 6 Months \$1,000 Age 6 months up to 20 years (26 FTS) \$2,500 increments up to \$10,000
Guarantee Issue (under age 60)	Employee \$30,000 Spouse \$20,000 Children \$10,000
Evidence of Insurability (EOI)	May be required if you are a late entrant and/or request additional coverage above guaranteed issue amount. The EOI form can be found Employee Navigator. You also can request a copy by emailing HR. **NOTE: Voluntary AD&D coverage does not require EOI or medical information for ANY amount
Benefit Reduction	To 60% at age 75, 35% at age 80 (refer to Employee Navigator for full schedule). Coverage terminates at retirement or termination of employment. Spouse coverage terminates at spouse aged 75 (only applies to Vol Life).

This is important!

During New Hire Election Period Only - Employees and their families may elect an amount up to the Guaranteed Issue (see above) without providing a medical questionnaire. If you decline coverage as a new hire and wish to elect coverage in the future, you will be subject to approval based on a health questionnaire.

Disability Insurance | 2025

WHY ENROLL IN DISABILITY INSURANCE?

Most people don't think twice about insuring their home, automobile or health. However, many people don't recognize just how important it is to insure their income.

Long-Term Disability

Mid Michigan College provides Long Term Disability (LTD) to all eligible employees administered through Reliance Standard. LTD is provided at no cost to you. LTD offers additional coverage for lost income if you become disabled and are unable to work for an extended period.

Long-Term Disability Provides income protection if you become disabled or are unable to work due to sickness or non-occupational injury for an extended period of time.

Elimination Period	60 days
Benefit Percentage	66.67% of monthly salary
Maximum Monthly Benefit	Administrators: \$11,112 Faculty Members: \$3,000 Support Staff: \$2,167
Maximum Benefit Duration	Social Security Normal Retirement Age
Definition of Disability	24 months Own Occupation and beyond 24 months Any Occupation

DID YOU KNOW?

- Just over 1 in 4 of today's 20-year-olds will become disabled before they retire.*
- Accidents are NOT usually the culprit. Back injuries, cancer, heart disease and other illnesses cause most long-term absences.*
- Almost 90% of long-term disability claims are caused by illnesses, not accidents, and aren't work related.*

HOW TO FILE A CLAIM?

- Contact your HR department for information and details

Flexible Spending Accounts | 2025

FSA Overview

The IRS allows your employer to provide you access to three money-saving, tax-favored vehicles to save money on things you already pay for. The three accounts are the Health FSA, the Limited Purpose Health FSA and the Dependent Care Reimbursement Account. Prior to the beginning of each plan year, you estimate the amount of your anticipated expenses and decide how much of your pay you wish to contribute to the Health FSAs or Dependent Care Account.

Very simply, you have deductions taken in equal installments each payroll into the account available for your use. Your taxable income is reduced by the amount you elect to deposit into this account. Your state, federal and social security taxes are reduced accordingly. Contributions to your account will stop at the end of each year and will not continue unless you elect to participate in the new year. Your participation in the plan will also end at the time you terminate your employment. Remember too that any balance you have at the end of the plan year must be forfeited by law. Plan conservatively so you don't run into the use-it-or-lose-it rule.

Health Flexible Spending Account (FSA)

The Health FSA allows you to reimburse yourself for eligible, medically necessary expenses which are either not covered or are not reimbursed by any other source, up to the annual maximum. The maximum that can be elected is \$3,300 per calendar year.

Your balance is available to you on the first day of the plan year, and you pay the account back through the year with payroll deductions. The Health FSA is available for you to reimburse the expenses of all members of your tax family. This means that even if you don't cover your spouse or kids under your employer's health plan, their eligible medical expenses are still reimbursable under the Health FSA. The IRS defines an eligible expense as those incurred "primarily for the diagnosis, cure, mitigation, treatment or prevention of disease or illness, or for the purpose of affecting any structure or function of the human body".

If you contribute to a Health Savings Account (HSA), you may not enroll in a regular Health FSA. You can, however, enroll in a **Limited Purpose Health FSA**. A Limited Purpose Health FSA works exactly like a regular Health FSA except you are only eligible to be reimbursed for dental and vision expenses. All other medical expenses can be reimbursed from the HSA.

Dependent Care Account

The Dependent Care Reimbursement Account allows you to reimburse yourself for eligible day care expenses that allow you and/or your spouse to work. Anyone can be the provider of care as long as they are not another tax dependent and are willing to provide their Tax ID/SSN. The "care" cannot be tuition for schooling – the main purpose must be care, not education. Care can be for a tax dependent child or adult.

The maximum that can be elected is \$5,000 per calendar year (or \$2,500 if married filing separately). Unlike the Health FSA where the timing of expenses is not necessarily known, dependent care expenses typically occur on a regular basis. Because of this, the amount available for reimbursement is equal to what is deducted each pay period.

Mid Michigan College HRA Plan

Eligible Expenses: Deductibles, Coinsurance, Copays, Prescription Drugs, Dental and Vision expenses. To ensure that the expense has been properly applied to the deductible and/or coinsurance, an Explanation of Benefits (EOB) from the insurance carrier must be provided as proof when submitting a claim for reimbursement.

Maximum Reimbursement: The maximum reimbursement that you may receive from the HRA is \$1,650 if you elect employee-only health coverage or \$3,300 if you elect dual or family health coverage. This amount is available to you for reimbursement from the first day of the plan year.

Run-Off Parameters: You will have 90 days after the end of the plan year to submit expenses incurred in the prior year.

HRA Eligibility: You are only eligible to receive HRA funds if you are ineligible to participate in a Health Savings Account (HSA) per IRS regulations. When you enroll in Employee Navigator you will be asked questions to help with determining your HSA eligibility.

What is an HRA?

Many employers, including your own, are constantly on the lookout for ways to address rising health care costs and provide the greatest value to employees. One of the ways to do this is the implementation of an HRA plan. Often, this HRA account is linked to a higher deductible health plan. Employers can take the savings from lower premium costs and use those savings to fund the HRA for you to use. An HRA plan provides employer-funded dollars into an account set up in your name. The effectiveness of this approach relies on you and your family to be good consumers of your health care. With lower usage of the HRA, you and your employer can reap the savings instead of the insurance company. By working together, employees and employers can take advantage of this approach to combatting rising health care costs.

How is a claim processed?

To ensure that a claim has been properly processed with the insurance carrier, your health care provider will first submit your health claim to the insurance carrier for adjudication. Once that is complete, you will receive a copy of your EOB from the insurance carrier showing what has been applied to what. Once this is received, submit the EOB to Kushner & Co for reimbursement from the HRA. It is important to remember to submit all pages of your EOB. Once processed, you will receive your reimbursement made payable to you. While you received your EOB, your health care provider has also received their version of an EOB. From that they will be sending you a bill for the services rendered. It is your responsibility to take the reimbursement received from the HRA and pay the health care provider.
